

## Telephone CPR is the new CPR - what does it mean for education and implementation?

Researchers from Laerdal Medical invite you to an interactive session where they share the most recent research and best practice from their partners in America, Europe and Asia. You will experience new technology and new training ideas, and we invite you to share your thoughts, questions and ideas for discussion. This workshop is relevant for those interested in community CPR or dispatch. It is relevant for educators, researchers, dispatchers and medical directors.

### Outline
